Fixed Asset Management

Hourglass IT's Fixed Asset Management Software is designed to streamline the management of your organization's fixed assets throughout their lifecycle, from acquisition to disposal.

✅ Asset Acquisition

Record detailed information upon asset purchase, including categories, locations, and custodian details.

✅ Asset Physical Verification

- Conduct periodic asset verification using QR Code scanning to ensure assets are accurately accounted for.

- Identify missing or misplaced assets and reconcile discrepancies.

✅ Cloud-Based Asset Management

Access and manage asset data from anywhere, anytime through a secure cloud platform.

Depreciation Management

Calculate depreciation accurately in compliance with IFRS and other accounting standards, supporting various depreciation methods.

Asset Disposal

Manage the end-of-life process, including asset retirement and disposal, with proper documentation and compliance.
